IMPORTANT INFORMATION

ARTery: The ARTery is the heART of all things art on the Paddock and open 24/7. It's a public space where all are welcome, near the Depot. Come hang out in the shade, create collaboratively or by yourself in the company of others. Learn how you can get an Art Grant to bring your epic idea to the Paddock next year! View designs and images of KiwiBurn's Temples and Effigies. Check out the Event Guide for information on artist talks and art tours!

BE RESPECTFUL: KiwiBurn is held on private land. Please respect our hosts and their beautiful farm! Drive carefully to the Gate at 5km/h, following the signs. Please respect any boundary tape we have put in place – it is there to protect your safety. Don't cross the river or climb the cliffs! If you are found outside festival grounds, you may be evicted from the event.

BLACK SHEEP RANGERS: Volunteers who roam the Paddock ensuring the safety of the site and participants. Find them in the green hi-vis vests, or look for the tall green lanterns. If you see a concerning situation, alert your nearest Ranger or go to their headquarters: the purple building near the Depot and Medics.

BURN NIGHTS: We have two separate Burns: The Effigy on Saturday night and The Temple on Sunday night! Keep an eye on the Depot white board for potential other art installation Burns. You **MUST** have prior approval to burn your installation!

CARS: No cruising! The KiwiBurn site is designed for pedestrians and bicycles. No cars, motorcycles, ATV's, golf carts or go-carts are allowed to drive in our town or the surrounding area except for registered art and safety vehicles.

CENTRE CAMP (TOWN HALL): Centre Camp is available for everyone! Come listen to talks, host workshops and smaller spontaneous events. It's also available as a rainy day and sun shelter. An event whiteboard will also be there to help you plan your day! A quest is forming on the horizon, so take your first step with Centre Camp... If you dare.

COMMERCE: *You can not buy or sell anything.* KiwiBurn is a place of sharing and free exchange within a gift economy. The only exception to this is the purchase of ice (see below).

EMERGENCIES: Medics are on duty 24 hours a day. They are situated near the Depot and are equipped with radios, as are Black Sheep Rangers. There is always Site Manager on duty and Security at night, easily identifiable in hi-viz vests.

THE DEPOT: The Depot is our icy information hub. Wanna buy some ice? Depot. Sign up for a volunteer shift? Depot. Advertise a new event? Depot. Lost wallet, keys or phone? Depot. Need to contact the Site Manager? Depot. General questions? Depot. Forgot your tampons/condoms/toothbrush/mind? Depot. Need a ride home? Depot. Come have a yarn, find your marbles, and enjoy some misinformation in our front yard. Open 10am–5pm daily.

FIRE BAN: There are to be **NO** open fires outside the organised Burns on Saturday/Sunday except those pre-registered with the Ops team. Gas cookers are ok. Fire spinning is ok in the fire spinning areas.

GATE: Opening times for Gate are:
Wednesday: 8am – midnight
Thursday: 10am – 10pm
Friday: 10am – 10pm
Saturday: 10am – midday
Sunday: closed
A security firm will be at Gate outside of these hours. They are here to help so please be courteous and nice!

GREY WATER: Most camps need to dispose of grey water during KiwiBurn. Grey water is produced from cooking, dish washing, and hair and body washing. Grey water can be dumped anywhere on the Paddock, we only ask that you consider where people walk before you create puddles. Do **NOT** wash your dishes in the river!

ICE: The only thing sold at KiwiBurn is ICE! For sale at The Depot during daytime hours (10am–5pm). Please try to have exact change (\$5/bag).

IN/OUT: Once on site, we want you to stay here! However, if you **need** to leave, you'll need to buy a pass if you wish to return. In & Out passes can be purchased from Gate on your departure for \$20 per person.

LOST AND FOUND: Small valuables like phones, wallets and car keys can be brought to The Depot. Clothes and other items are your responsibility. The Depot will post all unclaimed valuables to the KiwiBurn Lost Property Facebook Group after the event; you can post your lost/found items there too: facebook.com/groups/kiwiburnlostproperty

M.P.W.: The Ministry of Public Works team works tirelessly before, during, and post-festival to create the infrastructure needed for the festival. The MPW are a crazy bunch (you gotta be to do that work) so if you see them working in the hot sun, we're sure they'd appreciate a cold drink or beer!

MEDIA: We continue to get a lot of publicity thanks to our Media Team so we may have some media personnel on site. They will be easily identifiable; wearing a Media Pass, and walking around with a KiwiBurn Liaison.

MOOP (Matter-Out-Of-Place): Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. If you see MOOP, pick it up. You are responsible for ensuring your campsite is clean before you leave. Please do not leave food scraps.

RUBBISH: Remember: KiwiBurn is a Leave No Trace Event. Pack it In, Pack it Out. We aim to leave the site cleaner than we found it. Take your rubbish home! Do not empty rubbish or put anything other than human waste in the portable toilets. You are responsible for the condition of your campsite and nearby public areas of KiwiBurn. Clean up as you go! 10 GUIDING PRINCIPLES *KiwiBurn is built on the ten principles of Burning Man. These are...*

1. RADICAL INCLUSION: Anyone may be a part of KiwiBurn. We welcome and respect the stranger. No prerequisites exist for participation in our community.

2. GIFTING: KiwiBurn is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

3. DECOMMODIFICATION: In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

4. RADICAL SELF-RELIANCE: KiwiBurn encourages the individual to discover, exercise and rely on his or her inner resources.

5. RADICAL SELF-EXPRESSION: Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

6. COMMUNAL EFFORT: Our community promotes social interaction through collective acts of gifting. We value creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

7. CIVIC RESPONSIBILITY: We value civil society. Community members who organise events should assume responsibility for public welfare and endeavour to communicate civic responsibilities to participants. Organisers must also assume responsibility for abiding by national law and district bylaws.

8. LEAVING NO TRACE: Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better condition than when we found them.

9. PARTICIPATION: Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation in experience. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

10. IMMEDIACY: Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, appreciation of the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

ART INSTALLATIONS

Art is an important part of KiwiBurn and we love seeing the magic that everyone has created. What's on the Paddock this year...?

2020 Vision

2020 has been a year. How did you spend yours? Would you like to express the way it felt on the Paddock? Find your local Paddock witch and see what you can muster. Because with hindsight, everyone has 2020 vision.

All the Places You'll Go

Cozy into crochet-topia's four corners of imagination. Delve into a Dr. Seuss story. Chime into a very important date (mad hat and croquet kit provided). Ride the luck dragon to depths and distances or wonder in waves of cuddly creatures. Seek and you will find sweet treats.

Art Buqué! Contemporary Art Committee Presents: The Greatest Work of Art of the 20th Century

We are very proud to present to the KiwiBurn community, a truly significant work that has profoundly touched the lives of everyone who has witnessed it. Please join us for the dramatic unveiling at 2pm Friday.

Bomb Bike

The bomb bike is just a bit of fun, it was made by a very talented Artist from Christchurch called Chris Van Der Mays.

Art Journey

The art journey is a space created for people to explore opening, healing and themselves through the use of various art modalities such as painting, writing, clay play, movement and music whilst being surrounded by nature. This journey will be guided and facilitated to best learn how to utilise these tools and then will be accessible for people to be in the space and admire peoples creations. All space decorations created by us and with collaboration from other friends and artists.

Buzzy

We owe a lot to bees.

Content Generator

Do you like the news at 6ish O'Clock? Always dreamed of being a roving reporter? Got hot goss? A great idea for a television game show? A sizzling interview question for that one random Burner/small child from the camp next door/tired ranger still on shift? To continue to bring you quality programming, CNC's news anchors and TV hosts need your content! Grab a pen and a clipboard and hear YOUR content read live, on air, at KiwiBurn's ONLY live in technicolour TV stage.

Crux Aeternum

Crux Aeternum, the eternal cross marking the border between the light and shadow realms.

Cybus Incaendo

Cybus incaendo is a crypto-plant species native to the future. Invasive to our timeline, it was likely introduced through nano-particles on a Space Force employee's unsterilized hands. When in bloom it reverses its photosynthetic algorithms, creating a hypnotic light display to attract errant 5G signals and curious forest creatures. Totally not a mind control device.

DoBurnie

Giant Stag

Are you a lost pixie or sprite stranded on the mortal plain? Keep a lookout for our giant buck roaming the Paddock after dusk; let him and his butterflies of rebirth guide your spirit and transform your myth to reality.

The Gift Box

Do you long to own a fine collection of artworks? Are you an artist/crafter/maker who wants to share/gift your talents? Then come on by to the "Gift Box" with a stick figure drawing or a stick you whittled for hours! An oil painting you did a year ago, or something ya whipped up at the Burn (perhaps in the ARTery?) Pick up a new handmade treasure or drop one off in the marked box.

Going Full Circle

Have you ever wanted to go all the way around the top on a swing? Now is your chance. You know you want to... Operating daily 4-6PM.

Come and reunite your self with your Nang from last year and immerse your self into it and see what impression you leave on the other side.

Koru Ahi – The Fire Labyrinth Burn

Les Chandelles Swingers Club

Swing to your hearts content.

Let's Chalk

Let's Chalk! - We provide the chalk, you provide the talk. Or the draw. Or however else you'd like to express yourself! Follow the prompts if you want, or don't! You'll find our chalkboards in 3 spots around the Paddock. Gluten free brownie points if you draw on all of them <3 - Jax and Finch.

Lunar Moths

The bright lights of the Biggest Burn on Earth in 2020 have attracted some big guests to The Mythical Picnic. Keep your eyes peeled for a rare pair of Actias Luna Gigantus flitting about the Paddock when the sun goes down. Easily distinguished by their soft glow and unusual size, these gentle giants are an omen of good fortune - for anyone who doesn't have Lepidopterophobia.

Made and Found Library

Check out the Made and Found Library. Pop by our camp site to find the Kiwiburn Library (no card required). Books, games, objects, kind words, activities...we hope you will leave us a note on the chalk board... Bring something to add to the Library collection for fellow Burners to enjoy... Use at our Camp, at yours or anywhere you please. Swap it out, borrow it, keep it, gift it on, make it, reuse it.....

Mate Roulette

Mate Roulette is the opportunity to experience the novelty that only a good ol' phone call can offer, but with a twist. Picking up the phone will most likely result in a conversation with someone you don't know, and maybe even a future band member, partner(s), sub, or accountant. So get amongst it, find something you have in common or be introduced to a whole new concept, laugh, cry, hold space, schedule a rendezvous, or simply shoot the shit the whole way through.

Mobility Assistance Device

I have discovered that too many participants have days when their health prevents them from getting around the Paddock, as a step towards solving this problem I have obtained a mobility device and pimped it up with some art, the device is available for anybody who needs the use of such a thing to get around.

Mythical Pet Pixies

Nan believed all life's irritating wrinkles could be ironed out with a cuppa, a romance novel and some lollies. Demure, exotic, erotic... Nan's love of lurid literature is available for you to browse, borrow or keep. A selection of heart shaped confectionery is on hand to sustain you through this romantic reading romp. The Romance Repository can be found most of the time at the Mythical Garden of Frivoli-Tea but you may lucky enough to find it roving the Paddock with the Librarian of Love.

The Octopusy

Introducing THE OCTOPUSSY: a large collaborative sculpture celebrating textile arts, cephalopods, and vulvas. Textile arts traditionally have been associated with people who have vulvas, and octopuses are some of the most beautiful, diverse, and mysterious creatures on the planet, so they have a lot in common with vulvas in that regard! Each vulva has been created by a different artist from within the Kiwiburn community as an ode to the diversity of oceanic organisms everywhere.

Pagan Fire Stick

Ever wanted to build a flame effect and not kill yourself? This workshop is for you: we will cover all the basics of conventional builds. We will also move into more adventures designs that step out of the well trodden and highly unsustainable petrochemical approach and look for a solution that does not cost the earth. I will also touch on using venturi pumps to include metal powders, it's effect and some economical sparks for this. Oh and naturally you can spare one up for yourself!

Patron Saint of Pranks

Years of horseplay, high jinks and tomfoolery at Kiwiburn have caught the attention of the universe, manifesting a portal for The Patron Saint of Pranks to come through in physical form! Planning on pulling a goof? Playing a joke on a friend? Before you engage in any shenanigans, seek out the Saint with an offering to ensure your gag goes well. But you'll have to find them, as the mischievous deity sneaks to a new location every day. Good luck!

Peace Crane

Peace Crane is here to heal! Participate as we fold 1000 origami cranes to hang from "Mother Crane". Inspired by an ancient Japanese legend promising that if anyone folds a thousand paper cranes they will be granted a wish by the Gods. Therefore let's wish for peace! Popularised by Sadako who folded a thousand cranes in hospital after the bombing of Japan. Quick come visit, before peace escapes us! It's not too late for harmony. Presented by Folded Friends.

Find interactive installations around the Paddock and swipe your pet pixies to feed them "special" mystical foods to "alter" your virtual illuminated pet.

Quantum Flower Theory

The artichoke lamps in the forest are back <3

Reality Glitch

Is it a dream? A teleportation accident? A glitch in reality? Your grandmother's living room? Discover a strange Glitch in the forest, where nothing is as it seems and everything is wonderous. Lose yourself in a little corner of Somewhere Else. The Glitch awaits.

Re-connection

Ka ora te Whenua, ka ora te tangata. The connection between people and land. Even saying there is a connection sort of gives the idea that there are two separate things that are connected by something. We are the land and the land is us. "We are apart of the mauri and embraced by it" - Tiawaiwaka. Weaving this knowing into our current dominant culture. Sit down, weave, and remember.

Release Me

RELEASE ME is a door to releasing and feeling emotions on the Paddock. A place for reflection, peace, and recharge away from the rest of the festivities. Give yourself a little downtime, sit down on the earth and enjoy the calming running water featured in this artistic expression. Please respect the quiet of this space.

TEMPLE BURN

One of the most important places on the Paddock, the Temple offers catharsis and healing for many. Watch the Temple Burn around 8pm, as a moment of quiet reflection.

SAFETY AT KIWIBURN

We strive to create a safe and inclusive environment at Kiwiburn, and there are many trained and wonderful people on the Paddock to support you in the event that something does happen. Please don't hesitate to reach out.

BLACK SHEEP RANGERS

Our Rangers are volunteers who roam the Paddock ensuring the safety of the site and everyone on it. They're participants, just like you, and they want to help everyone have a good time. Don't hesitate to flag them down if you need their assistance. Find them in the green hi-vis vests, or look for the tall green lanterns. If you see a concerning situation, alert your nearest Ranger or go to their headquarters: the purple building near the Depot and Medics.

CONSENT GUARDIANS

The Consent Club is a violence prevention and informal support system that works to uphold consent, safety, and accountability, providing peer support to people having experienced assault and boundary-breaking, as well as promoting healthy and consensual interactions in party environments. Look out for the Consent Guardians wearing white Consent Guardian T-shirts.

MEDICS

Our amazing medics are Kiwiburn veterans, and have been with us through thick and thin, helping us through countless mishaps, injuries and medical events. If you have any medical needs, pop along to see them in Services Lane, near the Depot.

SANCTUARY Well-being and psychedelic aftercare.

Sanctuary is here to support you through mental, emotional, and/or substance-related challenges. Feel free to visit their drop in space near the Rangers and Medics if you just need a cup of tea and a gentle atmosphere to meditate in solitude; Call on one of our space holders for a listening ear and more focused support; or make your way there if you need psychedelic aftercare. They can provide a quiet environment, monitor your safety, and support you through the intensities of an overwhelming experience. As a diversity loving retreat-space, if you need to speak to a knowledgeable ally, let the on-duty Sanctuary Lead know your needs and they will do their best to radio a friend you will feel comfortable with! There will be a sharing circle in the drop in space at 10am each day for folks who might need to connect and reflect in a mindful way.

SECURITY

We also have Security staff onsite at all times. They're not here to judge your lifestyle; their job is to make sure all participants are safe. Give them a wave and a smile, and don't hesitate to reach out if you need help!

MOOP (MATTER-OUT-OF-PLACE)

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. If you see MOOP, pick it up. If you see someone else MOOPing, gently remind them of how we do things around here. You are responsible for ensuring your campsite and the surrounding area is clean before you leave. Take all rubbish away with you and dispose of it responsibly. Our Earth will thank you.

COVID-19 SAFETY

We're incredibly lucky to be able to hold Kiwiburn this year, so please help keep our Paddock safe with good hygiene practices. We have hand sanitiser galore. Remember to respect others' space. Perhaps even spare a thought for all those people worldwide who cannot meet family members, much less attend an event with strangers. If you develop cold or flu symptoms, maintain your distance and talk to the Medics.
